What is an Ideathon?

Ideathon is a competition in which the student can share his/her idea and develop them. It can be conducted for any stream students like engineering, science etc. In this type of competitions, no prototype is required. It is a national level event. The idea can be of any topic like AIML, IoT, green electronics etc.

How to participate in Ideathon?

To participate in ideathon the team need to contain 2-3 students and a faculty (Guide). The team leader needs to submit the abstract and register the team for the competition, the price for registration of IEEE members will be Rs.100/- (per team) and for non-IEEE members it will be Rs. 150 (per team). The format of the abstract will be shared by IEEE SPSU SB team for flexible evaluation process. A team can present only one idea.

How to submit the abstract?

First the teams need to register themselves before 30th September 2021. After registration the team leader and guide will receive the abstract format document through email provided. Then the abstract can be submitted through the link provided in the same mail.

Who can present their idea on 6th October 2021?

The shortlisted team only can give presentation on 6th October. The shortlisting of abstract should be done on or before 4th October 2021. The presentations should be given in Online Mode (Ms Teams).

Who are going to shortlist the teams (abstracts) and declare the winners?

The judges will be selected by Dr. Mukesh kalla sir, IEEE SB Chair.

How can the participant pay the registration fee and confirm it?

The account details of college or any faculty member should be shared through the mail and also mentioned in the Registration form. The payment confirmation screen shot should be uploaded while registration. The payment details will be confirmed and then only the registration will be approved. For finance related matters a faculty members and IEEE SPSU SB Treasure need to take care.
Guidelines for the Participants:

1. The Online presentation of the idea will be done in Ms Teams, the meeting link will be sent to team leader and also the guide, 2 days before the presentation day.
2. The best project will be selected by the experts and will be awarded the cash prize and certificate.
3. Each team will be given 5 minutes for presentation.
4. The team members should be ready with their power point presentations (ppt’s).
5. Please stick to your deliverables, don’t take more time for introduction & literature. Spend more time on your idea – problem statement, applications, etc.
6. Install Ms Teams in your PC or Laptop before the presentation day.
7. Students are not allowed to use mobile phones for presentation.
8. If you are facing any technical issues, please inform the technical support team.
